

Completing ALEKS or ACCUPLACER via TritonPass

Iowa Central administers both the ALEKS (math) and ACCUPLACER (reading and writing) placement assessments. These are accessible in your TritonPass account for you to complete at home.

Requirements for both exams include:

- Uninterrupted internet connection
- An appropriate testing environment: testing alone in a quiet, well-lit room without disruptions
- Scratch paper is allowed along with a standard pen/pencil
- Use of a calculator, webpages, or any other devices, materials, or testing aids are **not allowed**
- ACCUPLACER and the proctored ALEKS both require a valid photo ID and the use of a camera while testing

ALEKS (Math Placement): The ALEKS Assessment will need to be completed with a Windows, Mac or iPad computer. You will be able to test the compatibility of your computer prior to beginning your assessment. It seems to work best using Chrome as the browser.

ACCUPLACER (Reading and Writing Placement) using Examity Proctoring: The ACCUPLACER Assessment can be completed by following the steps outlined. You will need to check your computer/system requirements before taking the ACCUPLACER Assessment. Tablets and cell phones do not meet system requirements.

See page 4 of this document for practice materials and trouble-shooting tips.
